

3

INDESIGN - Level 3

Duration: 1 Day

Time: 8.30am to 4.00pm

OVERVIEW

This 1-day Level 3 course expands on the skills you developed in the Level 1 and Level 2 Adobe InDesign courses and takes a more in-depth look at design principles and techniques so you can create documents with more autonomy and complex formatting.

Our industry experts recap basic InDesign knowledge and share tips and tricks that will help you create flyers, posters, online content and other marketing collateral with confidence and ease. You'll learn everything from creating master pages, building a table of contents, page numbering, creating books, to designing large documents and getting them print ready.

Fast-track your learning and grasp more complex concepts with this hands-on training that utilises the latest industry standard tools and techniques.

Enrol in this course if you have basic Adobe InDesign experience and have completed our Level 1 and Level 2 Adobe InDesign courses.

What you will Learn:

You will learn the fundamentals of Indesign from our Industry trained professionals, face to face

- Automation
