

3

PHOTOSHOP - Level 3

Duration: 1 Day

Time: 8.30am to 4.00pm

OVERVIEW

This 1-day Level 3 Adobe Photoshop course takes a more in-depth look at basic Photoshop principles. Our industry experts will reinforce the techniques you developed in Level 1 and 2 Adobe Photoshop, while introducing more complex tasks to take your skills to the next level.

Using the latest version of Adobe Photoshop, you'll discover even more tips and tricks used by industry professionals, so you can take home the knowledge and start editing photos in-house. You'll learn how to use adjustment layers, how to work with smart objects, how to use gradients on layer masks, blending and more.

Fast-track your learning and grasp more complex concepts with hands-on training that utilises the latest shortcuts and Photoshop techniques.

Enrol in this course if you have basic Adobe Photoshop experience and have completed our Level 1 and Level 2 Adobe Photoshop courses.

What you will Learn:

Photoshop is a leading industry professional program.

- Making Selections
- Photo re touching basics
- Replacing Backgrounds
- Creating a background cover
- Preparing Photo for print
- Saving Images for Web

Course Content

- Filters for special effects
- Saving selections and loading selections.
- Adjustment layers
- Putting layers into groups
- Blending modes
- Bevel and emboss
- Working with smart objects
- Using layer masks and understanding what is happening
- Using a gradient on a layer mask
